Dreaming of a sailing holiday? Organize your own dream itinerary in one of 25 global destinations with a yacht charter from [Sunsail Vacations](#). Regardless of your sailing skills, there's a category to fit your needs — whether you know your way around a deck or prefer the services of a professional skipper.

Depending upon your personal skills and qualifications, choose from bareboat yacht charters, moving at your own pace with or without a skilled skipper; informal flotilla sailings with social events, beach barbeques, lead crew support, punch parties and an end-of-week regatta; and skippered vacations allowing you to kick back and relax while a pro takes the helm. Add-ons include the option of a professional chef.

Choose the [Mallorca One Week Flotilla](#), and sail from Palma de Mallorca with plenty of time to enjoy snorkeling, exploring the Cabrera National Park UNESCO World Heritage Site, beach time, an afternoon sangria party, a paella dinner and the comfort of a Sunsail Lead Crew. Need to polish up your sailing skills or learn the ropes from scratch? [Sunsail schools](#) accommodate beginning to advanced sailors with instruction from seasoned professionals. Sailing school locations are detailed on Sunsail's website.
